# Chile

**What is it about this remarkable country, sandwiched between the Andes and 3,000 miles of Pacific coast, that makes it such a powerhouse of New World production? And how are its winemakers safeguarding the future of the Chilean wine industry? Majestic Buyer Camilla Bordewich investigates.**

Chile's geography is, in a word, extraordinary. Between the arid deserts of the north and the glaciers of Tierra del Fuego in the far south, lush green valleys and hillsides provide perfect conditions for planting vines. This landscape enjoys incredible natural defences (mountains, deserts and the ocean), and carefully controlled agricultural practices mean the Chileans have had great success in preserving their diverse and unique natural eco-systems.

This knowledge of the practical benefits of protecting their land has put Chilean wineries at the forefront of the move towards sustainable winemaking. From reducing the use of chemicals and intensive practices in the vineyard, to cutting energy and water usage in the winery to adapting packaging, many of the country's top wineries are making positive changes. As all of these excellent eco-friendly wines show, this can be achieved without for a second compromising on quality or value!

# A question of port

*Simon Milroy, Manager at Majestic Wine Battersea, discusses different styles and varieties of port – and clears up a notorious matter of after-dinner etiquette!*

It's an age-old argument: which way do you pass the port? The answer is simple: to the left. Sticklers for tradition will add that no one but the host should put the bottle down, pointing to traditional round-bottomed port decanters that can only be placed in a special holder kept next to the host.

Formalities aside, here are the basics. Port is wine fortified by adding a neutral spirit that raises the alcohol level to arrest fermentation, giving sweetness through the residual sugar. There are a number of different styles, of which ruby port is the simplest, a blend of young wines and fruity in style. At this level, it's worth trading up slightly to Late Bottled Vintage port such as Taylor's LBV 2003, which won't need decanting, or Fonseca's unfiltered LBV 2003, which usually will.

By contrast, Fonseca's Crusted Port is a blend of different years that's bottled young with no filtration. Richer and fuller-bodied than a LBV, this will

continue to develop in the bottle and must be decanted before serving. A personal favourite is Tawny Port, a paler wine that spends all of its life in casks and shows great finesse and nutty characters. Taylor's 10 Year Old Tawny is a great example of the style.

Finally we have vintage and vintage's style ports. Vintage ports are only produced in the very best years and often sold via *en primeur*. In undeclared vintages, port houses produce what is known as a single Quinta (vineyard) wine which is aged in Oporto until ready for drinking. These vintage style ports often match up to vintage ports but at a reduced price and with no need for further cellaring.

Try Taylor's Quinta de Vargellas 2001 or Delaforce's Quinta da Corte 1991 for a superb introduction to the single Quinta style. And remember, next time you have port, pass it to the left!

Taylor's Late Bottled Vintage 2003  
With gift carton  
**£12.99** or **£9.99** when you buy 2 bottles

Fonseca Unfiltered Late Bottled Vintage 2003

Fonseca Crusted Port NV  
With individual wooden gift case  
**£15.99** or **£13.99** when you buy 2 bottles

Delaforce Quinta da Corte 1991 **New!**  
**£17.99** or **£15.99** when you buy 2 bottles

Taylor's 10 Year Old Tawny Port  
**£19.99** or **£17.99** when you buy 2 bottles

Taylor's Quinta de Vargellas 2001  
**£27.00** or **£25.00** when you buy 2 bottles

Fabulous food is the heart and soul of a wonderful Christmas. And with all of the effort that goes into creating that perfect festive feast, it seems a terrible waste not to put a bit of thought into what you're drinking with it.

After all, the right wines could lift Christmas dinner to a completely new level, while the wrong bottle could go down as badly as a mountain of soggy sprouts. With that in mind, Majestic Wine Dorchester Manager Simon Smith steers you through the season with his pick of wines to complement some classic Christmas and Boxing Day courses.

# Classic Christmas Combinations

# Christmas Day

## Starter

### Scallops

Dived scallops from the nearby Dorset coast are a real festive favourite at our home. This dry white has enough body to complement the scallops' texture, without overpowering their delicate sweetness.

Grüner Veltliner 2008, Weingärten Weissenkirchen, Austria  
**£7.99** or **£7.49** when you buy 2 bottles  
 From the picturesque Wachau Valley, this has lemon, grapefruit and gooseberry on the nose, with subtle notes of white pepper. The citrus theme continues on the palate, with a fine mineral length and touch of spice on the finish.

## Main Course

### Roast Turkey

Red or white with the turkey? That's the big Christmas question for many people. The answer's simple: keep everyone happy with a bottle of both! I've chosen a finely textured white Burgundy and a red that won't overpower the delicate flavour of the meat but can still handle all the trimmings.

Réserve du Bastion Bourgogne Chardonnay 2007, Chanson Père et Fils, France  
**£9.99** or **£8.99** when you buy 2 bottles  
 Pale lemon in colour with a subtle nose of white flowers and citrus fruit. The palate is balanced, with more lemon and citrus flavours, then a fine mineral backbone giving a long, satisfying finish.

Réserve du Bastion Bourgogne Pinot Noir 2007, Chanson Père et Fils, France  
**£9.99** or **£8.99** when you buy 2 bottles  
 Supple and medium-bodied with crunchy yet ripe tannins, this lovely Pinot shows the purity of fruit and elegance of the vintage with a medley of cherry, raspberry and spice on the nose and palate.

### Roast Goose

I would suggest a relatively rich white to complement the texture of goose. This stunning Côte de Beaune Chardonnay also has the mineral edge to cut through the fattiness of the bird.

Saint-Aubin Blanc 1er Cru 2007/08, Gérard Thomas, France **£16.99**  
 Largely sourced from the Premier Cru vineyard of Chatenière, this has stone fruit aromas, a nutty complexity and subtle citrus flavours. The long finish is supported by a Puligny-like precision and firm minerality.

### Salmon en Croute

This stunning Gargenega from east of Verona flatters the delicate flavour of the salmon, but has enough weight to deal with the buttery pastry.

Soave Classico Suavia 2007/08, Italy  
**£9.99** or **£8.99** when you buy 2 bottles  
 White flowers, citrus fruit and almonds on the nose; on the palate, its rich, fruity characters are balanced by a fresh lemon acidity.

## Dessert

### Christmas Pudding

Christmas pudding is a bit of a blockbuster, so try pairing its dried fruit flavours with the sweet, raisined fruit of this sumptuous Aussie sticky.

De Bortoli Show Reserve Liqueur Muscat NV, South Eastern Australia **£11.99** or **£9.99** when you buy 2 bottles

Classic rancio aromas of figs and sultanas alongside coffee and caramel. The palate's packed with dried fruit and raisins with a luscious texture that coats the mouth without being cloying.

### Cheese Board

Hard cheeses and mature cheddars demand something full bodied and red. This has all the dark juicy fruit and velvety tannins needed to deal with those strong flavours.

Stump Hill Shiraz 2006, McLaren Vale, Australia **£10.99** or **£9.49** when you buy 2 bottles

A premium Shiraz offering up intense bramble, plum, spice and mocha notes, a palate of ripe black fruits and velvety tannins.

Sweet wines and blue cheeses are a classic combination. This is one of the best, with the weight, texture and sweetness of the Sauternes providing the perfect foil for the creaminess and savoury characters of the cheese.

Castelnau de Suduiraut 2006, Sauternes, France **£11.99**

Sweet spice, candied peel and dried fruit aromas jump out of the glass. On the palate, a seam of acidity underpins the sweet ripe fruits to balance the sumptuous mouthfeel.

### Did you know?

There is a fifth taste sensation (after sweet, sour, salty and bitter). It's called 'umami' and it describes the savoury, 'brothy' taste that occurs naturally in protein-rich foods like meats, mushrooms and dairy products. It's the umami quality of blue cheeses that makes them work so well with sweet wines.

Simon Smith  
Manager, Majestic Wine Dorchester

# Boxing Day

## Roast Duck

Having been lucky enough to have tasted at this Domaine in September, I couldn't look past this beautifully crafted, refreshing Burgundy as the perfect partner for rich, fatty duck. If you're going specifically for wild duck or mallard, I'd go for the 'Clou d'Orge', which gains greater depth and structure from older vines and which we stock in small amounts.

**Ladoix Rouge 1er Cru 'Les Corvées' 2006, Domaine Chevalier, France £19.99**

Well-balanced and showing great finesse, with dark cherry and blackberry aromas and hints of oak on the nose and palate, supported by ripe, velvety tannins.

## Glazed Ham

The sweetness of a glazed ham needs a fruit-driven wine that's also fresh enough to deal with the slightly salty character of the meat.

**Yering Frog Chardonnay 2007/08, Yarra Valley, Australia**

**£8.99 or £6.99 when you buy 2 bottles**  
The ripe citrus and tropical aromas of this cooler climate Chardonnay continue on the palate which is fresh, intense and beautifully framed by subtle French oak.

## Cold Meats

The Boxing Day cold meat platter cries out for a refreshing, light to medium-bodied red with bags of juicy fruit, such as this Gamay from one of the best known Cru villages in Beaujolais.

**Moulin-à-Vent 2007/08, Château de la Terrière, France £9.99 or £7.99 when you buy 2 bottles**

Fragrant, with dark cherry notes leading to a structured, well-balanced palate with loads of dark berries and more cherry fruit. The finish is pure Burgundian elegance.

# From baubles to bubbles

Our resident Young Wine Writer of the Year, Majestic Covent Garden Manager Andy Lloyd, spreads some seasonal cheer, taking you through the very best of our festive fizzes in his own inimitable style.

I recently went to see a comedian who I was at University with. There's always one, isn't there? He started off by putting himself in our shoes. "Hope it's not rubbish," he thought we might be thinking, "I've brought friends, you know, and if it's rubbish, they'll all blame me." It won't be rubbish, he reassured us, and thankfully it wasn't.

The sentiment strikes a chord now, writing this. Christmas bubbles will most likely be bought and shared with family, friends or colleagues. This is a wonderful tradition but leaves a nagging sense of responsibility hanging over the buyer. "Please, please... don't let it be rubbish."

There is so much choice it can seem bewildering. Brand names, styles, vintages. Then there is the little matter of price to factor in, and beyond price, good value. But simplify it down and things seem clearer. There are numerous ways, but I see four sections into which I crowbar nearly everything.

First there is the good quality sparkling wine that doesn't cost the earth section, or GQSWTDCTES for short. This is what Prosecco and Cava were born for. My choice would be the Prosecco di Conegliano, easy-going, refreshing and eminently drinkable.

Next is the premium sparkling section - or 'Champagne by any other name' section. Wines in this group often punch well above their weight. Pound for pound, I rate them as some of the best value sparkling wines available. Green Point NV is a cracking starting point but move onto Cloudy Bay Pelorus '05 for a dazzling sparkling wine worth far more than its price tag.

Champagne under £20 has its own section because it is so popular. It has one huge advantage over the premium sparkles - it is the real deal, the true Champagne. Jacquart NV, Canard Duchêne NV (and Nicolas Feuillatte NV) are the standard-bearers in this bracket, the old firm, and they continue to offer the highest quality Champagne at the best prices.

Prosecco di Conegliano  
Valdobbiadene Extra Dry NV, Italy  
**£11.99** or **£7.99** when you buy  
2 bottles

Prosecco La Marca Cuvée NV, Italy  
**£14.99** or **£9.99** when you buy  
2 bottles

Codorniu Reina Maria Cristina  
2006/07, Spain  
**£17.99** **£14.99** or **£9.99**  
when you buy 2 bottles

Green Point Brut NV, Australia  
**£17.99** **£16.49** or **£10.99**  
when you buy 2 bottles

Cloudy Bay Pelorus NV,  
New Zealand  
**£19.99** **£19.49** or **£12.99**  
when you buy 2 bottles

Cloudy Bay Pelorus 2005,  
New Zealand  
**£23.99** **£22.49** or **£14.99**  
when you buy 2 bottles

Veuve Joubert Réserve Spéciale NV  
**£27.99** **£20.99** or **£13.99**  
when you buy 2 bottles

Jacquart Brut Tradition NV  
**£26.99** **£24.99** or **£14.99**  
when you buy 2 bottles

Canard-Duchêne Brut NV  
**£26.99** **£25.49** or **£16.99**  
when you buy 2 bottles

## 16 Champagne & Sparkling Wine

Perrier-Jouët Grand Brut NV  
~~£35.99~~ **£31.99** or **£23.99**  
when you buy 2 bottles

Perrier-Jouët 1998  
~~£44.99~~ or **£29.99**  
when you buy 2 bottles

Belle Epoque 1999/2002,  
Perrier-Jouët  
~~£95.00~~ **£75.00**

Bollinger Special Cuvée NV  
~~£44.99~~ **£39.99** or **£29.99**  
when you buy 2 bottles

Bollinger Rosé NV  
~~£67.50~~ **£60.00** or **£39.99**  
when you buy 2 bottles

Bollinger Grande Année  
1999/2000  
~~£75.00~~ **£50.00**

Taittinger Brut Réserve NV  
~~£39.99~~ or **£26.65**  
when you buy 2 bottles

Taittinger Rosé NV  
~~£49.99~~ **£45.00** or **£29.99**  
when you buy 2 bottles

Taittinger 2002  
~~£49.99~~ or **£37.49**  
when you buy 2 bottles

Then there is the brands section, usually starting to battle it out between £20 and £30. To my taste, which has a preference for a weightier flavour experience, Bollinger is in a class of its own. The stylish nature of the finish just lingers on and on. On the lighter, more elegant side of the scale, Taittinger and Perrier-Jouët are the names I look out for.

That is how I see it anyway, but it's all subjective. As comedians will tell you, every crowd is different. One of the greats, Eric Morecambe had it figured out. "What do you think of it so far? Rubbish."

*Happy Christmas!*

# Rioja

*It's all in the ageing*

**As Becky Leach's career path shows, we're big on internal promotion. Becky joined the Chichester store team in 2002, moving into IT in 2005 and working her way up through the department – all the while retaining a love of wine that's seen her excel in her WSET exams and diploma study. Here, Becky explains the ageing process for red wines in Rioja.**

Rioja is undeniably one of Spain's finest wine-producing regions – one of only two to achieve the highest classification within the country's wine laws. With such high standards to maintain, the minimum ageing requirements are longer in Rioja than other regions.

Crianza wines are aged for no less than 24 months, twelve of which must be in oak barrels. Marques de la Concordia is a fantastic example; the oak shows itself in a warming hint of spice that lingers on the finish, while red berry fruits still shine through.

At the next level, Reserva wines have an extra dimension that comes from at least three years' ageing, including one in oak barrels. The beautifully balanced CVNE Reserva sees baked red fruits like cherries and plums perfectly interwoven with a hint of vanilla.

The pinnacle of Rioja, Gran Reserva, is only made in exceptional vintages and must be aged for at least five years (two in barrels). For a real treat, try the Monte Real 1978 Gran Reserva. It's a gorgeous tawny colour with a dried-fruit nose, while on the palate, a subtle smokiness weaves its way through the fruit, leading to a savoury finish just lifted by a trace of cloves. Already into its fourth decade, this elegant wine illustrates to perfection the maxim that patience is a virtue.

## *Becky's Pick*

Rioja Reserva Imperial 2001, CVNE  
**£18.99 or £13.99** when you buy 2 bottles  
 From an excellent vintage, this has plenty of red and black fruit on the nose, while its secondary characteristics are really developing well. Rich savoury notes with sweet spice and a touch of tobacco give a complex long finish.

Contino Reserva Rioja 2004/05

# New

**Think of New Zealand wines and the chances are your mind will jump instantly to Marlborough Sauvignon Blanc. And while they're undoubtedly the stars of the show right now, it's Kiwi Pinot Noirs that are causing the real stir in the wine world.**

This sense of excitement should come as no surprise. Pinot Noir is a notoriously fickle grape and there are very few places on earth that can consistently produce the goods – parts of the US West Coast, the cooler regions in Australia and of course its homeland Burgundy. The land of the long white cloud is a welcome and wonderful addition to this exclusive club.

That New Zealand is currently producing some of the most exciting Pinot Noirs in the world is largely a result of two factors. The first is a marginal climate in which the grapes only just ripen, creating all of the finesse and subtlety of great Burgundies. Add to this the growing confidence and maturity of Kiwi winemakers, and you end up with some incredibly complex and interesting wines.

# 2005: A year to remember

By Nick Dagley, Majestic Wine Buyer

With Bordeaux's marginal, temperamental climate, vintage is of the utmost importance when choosing a wine from this celebrated region. And you can't get much better than 2005 – a vintage widely regarded as one of the finest in the last twenty years.

Pictures courtesy the Bordeaux Wine Council

It was an almost perfect growing season, producing wines of great depth and concentration across all appellations. As a result, the top wines were expensive upon release with prices continuing to climb, but there is still serious value to be found with second wines and lesser known properties.

**Château Haut Boilon 2005, Premières Côtes de Blaye **New!** £5.99**

With a nose of black fruit and graphite, this is ripe and chewy with real depth, a food-loving structure and a long, velvety finish.  
*When to drink:* Over the next 3-4 years.

**Château Méaume 2005, Bordeaux Supérieur £7.99 or £6.99 when you buy 2 bottles**

Matured in barrels sourced from the famous Château Le Pin, this Merlot dominated blend has gained cult status in the UK with its fruitcake, spice and ripe, plummy fruit. Is this the best Méaume yet?  
*When to drink:* Over the next 3-5 years.

**Château Greysac 2005, Cru Bourgeois, Médoc £11.99 or £9.99 when you buy 2 bottles**

Classic Médoc flavours of cassis, black pepper and plum, balanced by hints of vanilla and spice. An ideal partner to roast meats.  
*When to drink:* Over the next 4-6 years.

**Château Lacoste Borie 2005, Pauillac £19.99**

The second wine of the famous classed-growth Château Grand-Puy-Lacoste shines with blackberry, plum and charcoal aromas. Firm, ripe tannins provide the frame for the plump, refined palate.  
*When to drink:* Over the next 6-8 years.

**Pavillon de Poyferré 2005, St-Julien £19.99**

Crème de cassis, liquorice and spring flowers on the nose lead to a juicy texture and balance only found in top vintages. Classic St-Julien elegance, with all the polish of the Grand Vin.

Benefits from the same *terroir* as the prestigious vineyards of Cheval Blanc. Offering red berries, blackcurrant, blueberry and a hint of spice, it's drinking well now but can be cellared for up to five years.

# Voice behind the vine

Every vineyard has its own individual story, but some are truly unique. In this issue, we hear from two genuine one-offs – a Lebanese legend and the winery voted South Africa's finest for five consecutive years.

Serge Hochar  
Winemaker

## Lebanon Château Musar

### Interview with Serge Hochar

**Q. How long has your family been producing wines in the Lebanon?**

A. My father Gaston Hochar started our winery in Ghazir in 1930. Therefore 2010 will be our 80th year of production – 80 years since the creation of this great adventure.

**Q. How do vintages vary at Château Musar?**

A. Vintage variation is nothing to fear. No two years are the same in nature and we are also changing as we have more experience year after year. As well as varying the proportion of varietals in the blend, each year we use a combination of different vineyards. The assemblage reflects how I perceive the year. My aim is always to show the characteristics of the vintage.

**Q. What are your favourite grape varieties?**

A. I am most fond of Cinsault and Merwah, an ancient indigenous white grape variety to Lebanon.

**Q. If you could have a vineyard anywhere else in the world where would it be?**

A. In Mesopotamia.

**Q. Can you recommend your favourite food matches with your wines?**

A. Personally I adore Château Musar White 1969 with foie gras. Our whites should not be chilled and are perfect food wines.

**Q. If you were told you could only drink one more glass of wine ever, what would you choose?**

A. Probably a Tokay from Hungary.

**Hochar Père et Fils 2003, Château Musar £9.49**

The estate's second wine is vinified in the same way as the first, but without using oak, resulting in lovely smoky plum aromas, a full body and a lingering finish.

**Château Musar White 2001 New! £14.99**

From a blend of two grapes indigenous to Lebanon: Obaideh and Merwah, ancient varieties dating back thousands of years. This enticing wine has intense aromas of toasted brioche, almonds, apricots, baked apples, ripe pears, vanilla pods and honey. The palate is opulent with a buttery texture and vibrant flavours of nuts, tarte tatin, vanilla, butterscotch, apples and quince. It is rich and mellow with a very long, honeyed finish.

**Château Musar 2002 £16.99**

Concentrated and rich with plums, liquorice and spice. Musar is a fabulously different wine, very powerful but with plenty of finesse.

### *Note from the Buyer...*

The cult wines of Château Musar are famous for their incredible ageability, and are prized by collectors for their untamed character and startling complexity - the perfect counterpoint to the modern, polished 'international style' of winemaking.

André Van Rensburg  
Winemaker

## South Africa Vergelegen

### Interview with André Van Rensburg

**Q. What are the hardest and most enjoyable things about being a wine producer?**

A. The hardest is definitely the long hours – both in summer and winter – only to see all that work destroyed by a storm. The most enjoyable is the purity and soul cleansing of honest labour.

**Q. What is your favourite grape variety and why?**

A. Most definitely Cabernet Sauvignon. Most wines need good food to complement them but good Cabernet is a good meal in itself.

**Q. How has the South African wine industry changed since the end of the Apartheid era, and how do you envisage the future?**

A. Firstly, we can now sell our wine anywhere and wine students can work anywhere in the world, which was not possible before the end of apartheid. There is a wider variety of styles and the wines are riper, healthier, better. The Cape is the best place on this planet to grow grapes and with virus-free vineyards – older and better – the future will be absolutely great!

**Q. Have you seen the effects of global warming on your wine producing so far? What do you see happening in the future?**

A. We see changes in rainfall patterns, our summers are definitely not as hot and most disturbingly, winters are warmer. I have also seen Bat Ear foxes on the property; they normally inhabit semi-desert areas, so that is alarming. Whether this can be ascribed to global warming or just a warmer period, I don't know. But Vergelegen is a sacred place and we need to protect it as much as possible against an uncertain future.

**Q. If you had to describe yourself as a wine what would you be?**

A. Cabernet Sauvignon – great complexity, substance, long aftertaste and incredible potential for further maturation.

**Q. What is the most you have ever paid for a bottle of wine?**

A. About R2,500 (€205) for a 1982 Château Mouton Rothschild.

Vergelegen 'Mill Race' Cabernet Merlot 2006, Stellenbosch

**£10.99 or £7.99** when you buy 2 bottles

Vergelegen Sauvignon Blanc 2008, Western Cape

**£10.99 or £7.99** when you buy 2 bottles

Gooseberries, figs, elderflower and clean-cut grass are just a few of the flavours in abundance here. Perfectly balanced with a racy acidity, mineral structure and long, elegant finish.

Having made his mark at Majestic, not least through the fantastic articles and blogs he's written, John Abbott is leaving his role as Trainee Manager at our St. John's Wood store to become Deputy Editor at Decanter.com. We'd like to thank John for everything he's done for us and wish him all the best for the future. In his final feature, he takes a look at a true wonder of the New World - Marlborough Sauvignon Blanc - and recommends just a few of its fabulous French counterparts.

# New Zealand vs France

Since exploding onto the scene 20 years ago, New Zealand Sauvignon Blanc has become one of the most instantly recognisable styles of wine in the world. By harvesting the grapes at a marginally earlier stage of ripeness than in other countries, Kiwi winemakers get immense greenness and bite, with the most fantastic trace of clean acidity and that unmistakable hint of gooseberry.

Of course it helps that New Zealand enjoys the perfect Sauvignon climate and soils – and nowhere has it better than the inimitable Marlborough region. Situated in the north of the South Island, it's a region that produces characteristically pungent and unashamedly herbaceous wines which stand up to notoriously complex food pairings and are absolutely ready to drink today.

# Exploring enigmatic Burgundy

## Key facts & figures

27,636 hectares of vineyards (3% of all vineyards in France).

100 different Appellations d'Origine Contrôlée (total of 477 AOC across France).

4,300 individual growers (85% of these have less than 10 hectares of vines).

*"Burgundy is the most fascinating, the most complex and the most intractable fine wine region in the world. Nowhere is fine wine - occasionally great wine, but also, sadly, frequently disappointing wine - made in such small quantities, in so many different ways, by so many characters... Burgundy is an enigma."*

**Clive Coates, Master of Wine**  
Author of 'The Wines of Burgundy',  
University of California Press

These words sum up most wine enthusiasts' experience of Burgundy. The truism is probably most evident in the £10 - £20 price bracket. Below this level one tends to find good-quality commercial wines, while above it lies the territory of the renowned producers. Fortunately for our customers, we've nurtured our relationships with Burgundian producers both large and small over many years, so we're confident that the wines on show here go some way to cracking the Burgundy enigma, offering equally great quality and value for money.

Outside of Chablis, all of Burgundy's Grand Cru vineyards are situated in the Côte d'Or, which runs south from Dijon. In this somewhat confusing part of the region, wines are generally produced in small quantities, with huge variations in style and quality depending on the *terroir* of the vineyard and the skill of the winemaker. Further south, the Côte Chalonnaise produces less expensive but good quality wines, while the more affordable reds and whites can be found in larger volumes in the Mâconnais region.

In many areas of Burgundy, Napoleonic inheritance laws have subdivided vineyards to the point where many growers now only own one or two rows of vines in any given *climat*. While some growers produce their own wine under a *Domaine* label, more often than not they will sell their grapes to a negociant or co-operative, to be blended with other grapes from the same appellation in order to create a larger volume.

The complexity of Burgundy is quite incredible. Growers, negociants and co-operatives all have a very important role to play, with the best all producing good to exceptional quality wines at realistic prices.

# All present and correct

What makes the perfect Christmas gift? It's the age-old question to which Piers Marter, Trainee Manager at our Norwich store, comes up with some exquisite answers.

I spend most of my time working in-store, but over Christmas I also get to help with deliveries. It's a time of year I love: gazing at the Christmas trees and lights as I make my way to people's houses with a case of something special from a loved one. Delivering a gift into a recipient's hands, seeing their happy face, I can't help feeling that in some small way my job adds to the spirit of Christmas.

Back in-store, I'm often asked by customers to help with the tricky problem of finding the right present for the right person. There are two questions I always ask. One, what does the recipient usually drink? Two, how much do you wish to spend? With these two pieces of information I am confident of finding a suitable gift.

**Au Bon Climat 'Bien Nacido' Chardonnay 2006 **New!** £19.99**

From one of Central Coast's best vineyard sites, this has a sensational nose of apples, toast, lemon curd, roasted nuts, cinnamon and a delicate whiff of oak. It's wonderfully textured, fresh and long in the mouth: a Chardonnay that exudes class and sophistication.

**Puligny Montrachet 2006/07 Domaine Jomain £19.99**

An intense nose of pears, peanut brittle, smoky oak, nuances of sweet vanilla and buttered popcorn, then rich and textured in the mouth, with fine, tangy acidity and a smack of minerality on the finish. Delicious stuff!

**Ségla 2004, Margaux **New!** £19.99**

**Brunello di Montalcino 2004, Il Poggione £25.00 or £23.00 when you buy 2 bottles**

This is Brunello at its absolute best – a rich, intense nose of blackberries, liquorice, spice, coffee and a hint of leather spilling over onto the full-bodied, silky, unctuous palate, with a wonderfully warm finish. It will be at its best any time over the next decade. 95 Parker Points.

**Château La Croix de Gay 2002, Pomerol £30.00**

A knockout nose of raspberries, espresso, asphalt, sweet cassis and cigar box. Masses of raspberries and black cherries intermingled with a delicious espresso hit on the palate, then subtle nuances of liquorice and tobacco on the very long and pleasurable finish. Drink now or cellar for a few years.

# In a class of its Rhône

Majestic Wine Buyer Suzie Harrison gives the lowdown on France's second-largest quality wine region.

Running between Lyon and Avignon, the Rhône Valley is home to some of France's oldest and most distinguished vines. The region's wines enjoy worldwide renown as some of the country's most diverse and best value for money.

It's a region divided into two distinct sections. In the north, where Syrah rules, the vines can be seen hugging the steep slopes bordering the river. Here, the cool, dry Mistral winds exert their strongest influence creating a climate which promotes reds with a distinct olive tapenade and smoky bacon character.

Home to Châteauneuf-du-Pape, the southern Rhône has a more Mediterranean climate that sees Grenache assume prominence. The Côtes du Rhône appellation – the standing of which has improved considerably in recent decades – lies within this sub-region, accounting for some 80% of the entire Rhône Valley's production.

Many of the wines in our range hail from the stellar 2007 vintage - widely regarded as perhaps the best year in the Rhône since 1990, producing outstanding wines right across the appellation and price spectrum.

*"Throughout the southern Rhône, 2007 is the greatest vintage I have tasted in my thirty years working in that region... Moreover, the vintage is remarkably consistent from top to bottom."*

## The Perrin Family

The Perrin family married into the Château de Beaucastel estate over one hundred years ago. As well as being one of the few producers to grow and vinify all 13 varieties permitted under the Châteauneuf-du-Pape appellation rules, Jean-Pierre and François Perrin also bring their quality principles to the vinification of more "everyday" wines under the La Vieille Ferme label. In the late 1990s, the family decided to complete their portfolio with a range of other well-known cru appellations.

# Château Guiot Vendange Trip '09

By volunteering their help on a grape-harvesting – or ‘vendange’ – trip, some of our staff enjoy the distinct pleasure of helping to produce a wine they will go on to sell in-store the next year.

Guy Bart-Smith, Assistant Manager at Majestic Glasgow West End, describes the 2009 vendange at Château Guiot, in the heart of the Costières de Nîmes.

## Day 1

We arrived late afternoon to a warm welcome from our hosts, François and Sylvia, who instantly made us feel part of the family. The conversation soon turned to the business at hand. Much depends on a spell of good weather long enough to complete the harvest and a change was said to be coming and not for the better. That meant working well into the night and the early morning. Luckily we were officially still off-duty!

## Day 2

After an early start, we made our way to the cellar to be assigned jobs. Mine was to check sugar density and temperature during fermentation. After that, I happily helped Sylvia taste the wines and check the alcohol levels, using a mustimeter and a sip or two to confirm that all was well and the wine on track. It was a fascinating day. No matter how much you read up on wine production, nothing matches seeing the process first hand. Oh, and the weather held...

## Day 3

...and held, so we made our way out to the vines. I helped out on the harvesting machine, which shakes the vines to remove the grapes without damaging the plant. Following de-stemming, the grapes are pumped into the vats and left to ferment. The next time I see those wines will be when they arrive in-store some time in 2010.

# Simply brilliant

Dismiss the Vin de Pays classification and you risk overlooking some truly outstanding wines suitable for many an occasion, argues Adam Robinson, Assistant Manager at our Chapel Allerton store in Leeds.

Vin de Pays. What does this rustic nomenclature suggest to you? Something simple and basic? A wine that slips down just fine outside a gite in the Dordogne but probably not one to serve at your daughter's wedding?

If so, you're not alone. But make no mistake, the Vin de Pays classification is the signifier of some of the most innovative and best-value wines France has to offer. Less restrictive regulations have enabled a spirit of experimentation to flourish, with growers permitted to plant grape varieties in areas where they haven't traditionally been grown, as well as state the variety on the label.

Vin de Pays offers value, innovation and accessibility. So if you'll forgive the excruciating pun, you Pays your money and you takes your choice - and what a choice there is!

**£5.99** or **£4.99** when you buy 2 bottles

Karen's Choice

Chablis 2007/08, Domaine Servin, France

**£10.99** or **£9.99** when you buy 2 bottles

This is one of the first Majestic wines I ever tried. It's everything a great Chablis should be: bone-dry with a crisp mineral palate. And since its quality and consistency have never faltered over the years, it remains a firm favourite of mine.

Valpolicella Classico Superiore Ripasso 2005, La Casetta di Ettore Righetti, Italy

Delivers a perfect combination of rich juicy red cherries and blackberries with a delicate spicy finish. Its velvety texture, well-balanced acidity and intense flavours are just great with roast goose or duck.

Buller's Fine Old Muscat NV, Victoria, Australia **£11.99**

A fortified Muscat displaying exceptional dried fruit and floral aromas, a unique raisiny sweetness and hints of toffee and caramel. A remarkably fresh, complex match for almost all desserts. It's easy to see why Robert Parker gives this wine 96 points.

### Kelly-Anne's choice

I've gone for a classic Chablis, alongside two real gems that I'd love to introduce more people to.

### Karen's choice

Three must-have winter wines: a classic gamey Pinot Noir, a versatile Chilean blend for all hearty meats right through to the cheeseboard and a Rutherglen Muscat offering the perfect finish to any special occasion.

### Becca's choice

My selection is made up of my favourite Italian Pinot Grigio, a fantastic fruity Tuscan red and for something a bit different, a delicious Vouvray Demi-Sec.

### Lewis's choice

I've gone for one New World and one Old World Chardonnay from my favourite producers, plus something a little more out of the ordinary which I discovered while studying for my WSET Advanced Certificate.

The late Robert Mondavi

# The Robert Mondavi Story

## Kat Barlow, Manager at Majestic Wine Greenwich, looks at the legacy of one of Californian wine's true pioneers.

It may be one of the last wine regions to have developed in California, but Napa Valley is now indisputably the most famous. Its success is as much down to the innovative winemakers attracted to its unique *terroir*, as the massive investment the region has received. And the late Robert Mondavi was one of the true pioneers.

Mondavi made his name in the wine world when he introduced it to Fumé Blanc in 1968. The story started two years earlier, with a crop of Sauvignon Blanc grapes that Mondavi bought from a local grower and decided to experiment with. The result was a refined and dry wine; reminiscent of the great Loire wines but with a subtle American twist – oak.

Fumé Blanc was Mondavi's great legacy, but he created a rich and acclaimed portfolio of complex and delicious wines based on international grape varieties. His continual experimentation led to joint ventures with many respected winemakers, including the creation of Opus One with Baron Phillipe de Rothschild of Bordeaux.
